Industrial Use

RX-711/AS

溫度控制的焊接台
Temperature Controlled Soldering Stations

- * M type soldering iron model / Digital display
- * A variable temperature setting range of from 200 °C to 480 °C shown on a digital temperature display
- * High capacity soldering station with high power and high insulation
- * RX-711AS are the anti-static series

STOCK CODE : 612-672

PRICE : HK\$ 900.00

PX-501

袖珍型台及焊接調節器
Mini Stations And Soldering Controllers

- * Accurate Temperature Control: 250~450 °C
- * Power Consumption: 85W
- * Size of Control Unit: 85L x 100W x 57H mm
- * Ripple Temp. without load : ±3 °C
- * High insulation type anti-static model

STOCK CODE : 612-944

PRICE : HK\$ 420.00

PX-601

袖珍型台及焊接調節器
Mini Stations And Soldering Controllers

- * The temperature can be variably set between 250 °C to 450 °C while maintaining excellent temperature stability
- * With a new design concept that fully utilizes the accurate temperature control, easy operation ability and high reliability
- * In spite of the low price, it has the functions found on high price units
- * The newly design ergonomic grip with silicon cover offers reduction in operator fatigue assuring comfortable operation

STOCK CODE : 612-767

PRICE : HK\$ 430.00

TP-100

手提式解焊槍
Portable Type Desoldering Guns

- * Easy to use compact design
- * Powerful vacuum
- * Replaceable type cartridge filter
- * Variable temperature setting

STOCK CODE : 612-618

PRICE : HK\$ 1,400.00

POT-21C

焊接爐
Soldering Pot

- * LED pilot lamp lights while heater is ON
- * Adopts a new design heater assuring long operation life
- * Uses a corrosion resistant and durable solder pot
- * Optimum working temperature (POT-11C) within approx. 260 °C to 520 °C
- * Optimum working temperature (POT-21C) within approx. 270 °C to 530 °C 36mm inner pot enables pre-soldering of urethane wires, large terminals...etc

STOCK CODE : 612-726

PRICE : HK\$ 600.00

SLM-1

半自動焊接機械
Semi-automatic Soldering Machine

- * This is a semi-automatic soldering machine suitable for PCB dip soldering. Perfect for a variety of PCB assembly in small production lots
- * Production capacity from several hundred up to 1,000pcs daily with a PCB size of 180 x 250mm with uniform quality soldering
- * Recommend using the goot POT-350C soldering pot
- * Simple operation

STOCK CODE : 612-799

PRICE : HK\$ 42,000.00

氣體式焊接工具
Gas Soldering Irons

GP-501

超級專業接口
Portasol Super Pro

- * It is a compact gas heated tool that can be used in locations where electricity is not available
- * Its quick heating allows soldering to be done in approximately 30 seconds after ignition
- * The operation time is approximately 70 minutes between refills
- * With its high power it performs well even in adverse conditions
- * Refilling is easy using any lighter gas on the market

STOCK CODE : 612-650

PRICE : HK\$ 490.00

GOOT-OGP-510

氣體式焊接工具
Gas Soldering Iron

- * Temperature can be controlled from 15 to 75W by adjustment knob
- * Use standard quality butane lighter gas
- * Use as a blow torch or a hot air by changing the tip
- * No cord or batteries, enable use
- * Soldering enable anywhere

STOCK CODE : 613-139

PRICE : HK\$ 370.00

焊接附件
Soldering Accessories

ST-30, ST-70

尖端清潔工具
Tip Cleaners

- * Portable and foldaway type tip cleaner
- * Width (ST30) : 57mm
- * Width (ST70) : 60mm

ST-80

袖珍型台鉗
Mini Vice

- * Plastic mini vise ST-80 allows soldering work to be done by simple attachment on the work table
- * How to use
 1. Clean the work table before setting
 2. Hold with one hand and move the lever toward LOCK
 3. Ensure the unit is fixed and stable on the work table. Put the work (e.g. PCB etc.) between the jaws and tighten the handle

STOCK CODE : 612-784

PRICE : HK\$ 40.00

ST-51

焊接捲軸支架
Solder Reel Holders

- * Guide spring to avoid solder tangle
- * Comes with carrying handle
- * Maximum load of 1kg. Heavy base ensures extra stability

STOCK CODE : 612-094

PRICE : HK\$ 55.00

ST-11

烙鐵頭工具架
Soldering Iron Stands

- * Applicable for Nichrome & Ceramic heater soldering irons
- * ST-76, 77 Adjustable holder angle for ceramic heater soldering iron

CP-1515

解焊芯

Desoldering Wicks

- * Conventional Dispenser Pack
- * High quality desoldering wick with the braided copper wire saturated with special non chlorine flux
- * It can be used without fear of damaging precision machines and tools because it contains RMA equivalent flux

MODEL	STOCK CODE	PRICE (HK\$)
CP-1515	612-075	11.00

SA-10

幫助焊接工具

Solder Assist

- * A set of 6 tools very convenient for assembling and repairing PCBs. Can be used for a wide variety of applications from hobby to industrial
- * For repair and removal of tip parts and precision components and other jobs such as brushing, cleaning and enlarging holes

STOCK CODE : 612-077

PRICE : HK\$ 68.00

CD-15

陶瓷的核心螺絲刀系統

Ceramic Core Screwdriver Series

- * By adopting the zirconic ceramic tip it is antimagnetic, long life, and non conductive
- * It is best suited for adjusting high frequency zones

MODEL	STOCK CODE	PRICE (HK\$)
CD-15	633-001	66.00
CD-20	633-002	66.00

TS-100

精確小鉗子

Precision Tweezers

- * The tip part is 100% non-magnetic shielded and does not generate static electricity so it is perfect for handling precision electronic parts safely
- * The zirconic ceramic produced by heating to create high density crystal particles assures superior heat stability and durability
- * The material used for the body has excellent stability against acid and alkaline chemicals and perfect for pharmaceutical applications too

STOCK CODE : 633-034

PRICE : HK\$ 225.00

HP-150

折帖金屬

For Sheet Metal

- * Soldering irons for sheet metal with excellent durability and capability
- * Uses a nichrome heater with high quality mica
- * Its economical with high efficiency and low power consumption (Energy saving type)
- * Uses a wooden handle which provides high insulation and stays cool
- * The standard copper tip allows shaping to match the work being done

MODEL	STOCK CODE	PRICE (HK\$)
HP-150	611-034	220.00
HP-200	611-035	259.00
HP-300	612-804	320.00

CS-20

精確焊接工具

For Precision Soldering

- * This is a high insulation and low leakage current soldering iron
- * By adopting the high capacity pipe type ceramic heater it has a long operation life
- * The sharp tip allows easy precision operation
- * Excellent operation ability with the short distance between the tip and the grip

MODEL	STOCK CODE	PRICE (HK\$)
CS-20	612-782	110.00
CS-30	612-613	120.00

KS-25R

一般用途焊接工具

General Purpose Soldering Irons

- * Nichrome heater type
- * Economically priced general purpose soldering iron
- * Compact and light weight design for easy handling
- * Comes with Long life tip

電線脫線工具
Wire Strippers

YS-1

電線脫線工具及刀具

Wire Stripper & Cutter

- * Applicable wire size 0.5 - 6.0mm²
- * An adjustable stopper assures consistent wire strip length
- * The blade edge cutting depth can be simply adjusted by dial to match the thick-ness of the insulation material
- * Even when the wire diameter changes, the blade edge adjusts automatically to cut and strip the insulation material without damaging the wire core

STOCK CODE : 633-071 PRICE : HK\$ 150.00

YS-2, YS-3

精確剪線剝線器

Precision Wire Strippers

- * It can cut and strip the insulation material properly without damaging the wire of even micro thin lead wires
- * It can be used as a pair of pliers or a cutter
- * It has convenient closed stopper for storing
- * The spring assures less fatigue even during continuous work

MODEL	STOCK CODE	PRICE (HK\$)
YS-2	633-072	63.00
YS-3	633-073	63.00

YS-8

剪線工具 (剪及剝線)

Wire Cutters (Cut & Strip)

- * It has excellent cutting capability of thin copper wires
- * It has a stripper groove (for a wire with a maximum core diameter of up to 0.4mm)

STOCK CODE : 611-049 PRICE : HK\$ 112.00

電線脫線工具
Wire Strippers

YS-11

剪線工具

Wire Cutters

- * It has excellent cutting capability of thin core wires
- * It can cut copper wire with a core up to a diameter of 1.6mm

STOCK CODE : 611-048 PRICE : HK\$ 122.00

LF-100

導線成型器

Lead Former

- * Bending is done regardless of the lead wire diameter
- * The bending pitch is adjustable from 10 to 48mm
- * Once the pitch is set, continuous bending with the same pitch is easy
- * Bends lead wires of resistors, condensers and diodes to match the PCB hole pitch

STOCK CODE : 633-060 PRICE : HK\$ 139.00
